ABOUT US

OUR VISION

The goal of empowering the engineering education system and creating a one-stop global organization for students to learn and excel from teachers, mentors and industry experts is our noble and ambitious endeavor. This initiative seeks to revolutionize the way engineering education is delivered and to provide students with comprehensive resources and opportunities to enhance their skills and knowledge.

OUR MISSION

Imparting mentorship and creating a community of engineers focused on overall development requires a grassroots approach that uplifts individuals to industry standards. This initiative recognizes the importance of not only providing technical knowledge but also fostering personal growth, professional skills, and a sense of community among aspiring engineers. This holistic approach would encompass leadership development, communication skills, problem-solving abilities and teamwork, empowering students to become well-rounded professionals.

Experienced Faculty

Highly Qualified, experienced professors with in-depth knowledge & capable of delivering best learning experience.

Extensive Study Material

Live & recorded lectures will be provided to each an every student along with detailed subject wise study-material.

App Based Learning

Engineering is a branch of applied science and we believe this approach is the best way to interact and learn.

One to One Doubt Solving

Limited students in a batch helps us to take upon one to one doubt solving sessions with the students.

Streamlined Assessment

Abhyantrix Quick Tests (AQT) on daily basis & Abhyantrix Regular Tests (ART) on weekly basis for consistent evaluation.

Foundation Course

An Exclusive Foundation Course designed by Abhyantrix to improve overall personality of the student.

PROJECTS & WORKSHOPS

- Regularly conducted **Hands-on workshops**
- Students at **Abhyantrix** actively participate in **designing** and **developing** the academy's website
- **Website development** is done under the guidance of **teachers** and industry experts

Abhyantrix Website

INTERN with us!

Desktop App Development

Skills required:

- Basics of programming
- Python
- Tkinter Library
- Database (Basics of SQL)
- C# (Optional)
- Testing (Manual)
- Willingness to learn

Perks:

- Internship Certificate
- Letter of recommendation
- Experience working on a live project
- Learn new skills and explore new tools

Duration: 2 months

Hurry up! Limited positions!

Send your CV at: abhyantrixacad@gmail.com

INTERNSHIPS & SKILL TRAINING

- Emphasis on **Practical Learning**.
- Variety of **PAID Internships**.
- **Hands-on experience** for skill development
- The academy believes that practical learning, combined with financial compensation, prepares students for successful careers in their respective fields.

INDUSTRIAL VISITS

- Industrial visits to companies, offering real-world exposure.
- Visit to **Balaji Enterprises** : students observed practical application of theoretical knowledge.
- **Comprehensive facility tour & interaction with professionals.**
- **Interactive sessions** provided insights into industry challenges and innovations.

RESUME BUILDING & PLACEMENTS

- **Comprehensive resume-building** and **Placement guidance** services to students.
- **Personalized assistance** is offered to craft professional resumes, highlighting skills, achievements, and experiences.
- Students receive **guidance on interview preparation**, including mock interviews and valuable tips.

WEBINARS & SEMINARS

- Abhyantrix Academy conducts **webinars** and **seminars** on various topics.
- Past webinars covered **ML projects**, workshops, and a session on **Autonomous Vehicles** featuring **Prof. Vivek Patkar**.
- **Mr. Ashish Jog** conducted a **bootcamp** on **Embedded Systems**.
- These events offered students **practical insights**, **industry updates**, and **networking opportunities** with professionals.

Industrial Visits Are The Best

The industrial visits organized by the academy gave us practical insights into real-world engineering practices, and the seminars led by industry professionals broadened our understanding of the latest trends in the field.

- Rajeev Singh | VIT Mumbai

Interactive & Engaging Lectures

I had the privilege of being a student at Abhyantrix Academy. The classes were engaging, and the professors were extremely knowledgeable, making complex engineering concepts easy to understand.

- Vrutti S. | TERNA Nerul

Overall Academic & Personal Development

Abhyantrix Academy truly prepares us students to excel in the engineering field and nurtures a passion for lifelong learning. The classes were well-structured and focused on providing a deep understanding of engineering principles allowing us to see how the concepts we learned in class were applied in real-world scenarios.

- Aditya Sharma | VESIT Chembur
